Job Description

Sharps Fabric Printers have a full time position available in our busy Digital Print Department. The position is varied and challenging as we produce a wide range of bespoke prints for our customers.

The role requires the candidate to be customer focused with a passion for design and the creative markets.

The digital print department is housed within a busy factory environment. The ideal candidate will need to work both in the print department and the factory environment creating and overseeing print set up and approving production.

Responsibilities will include:

Creation and preparation of customers artwork for print

Working on bespoke print projects to a given brief

Managing customer case files and record keeping

Oversee design and print from initial concept to final bulk production

Requirements

Excellent computer skills including the latest relevant software including :-

AVA Cad Cam, Adobe Photoshop, Illustrator and Digital RIP software packages

Excellent eye for colour and colour match skills

Knowledge of the textile digital print industry including an understanding of design repeat

Self-motivated with excellent organisational skills, proactive with good use of initiative

Confident working alone and part of a team

Excellent telephone manor and written communication skills

Able to prioritise work load and cope with a demanding schedule

Consideration will be given to those who do not have all of the above criteria but who show they have other suitable or similar transferable skills. Additional training will be given to the right candidate.

To apply for the role please forward your CV and covering letter to

Ross@sharpsfabricprinters.co.uk

Closing date for applications is Friday 1st July
