

SURFACE PRINT

AVA CAD Operator

Location: Accrington

Full Time – Permanent Position

Salary: £18k - £23k DOE

Surface Print is a family run contract print wallpaper manufacturing business that has been making luxury wallpaper since 1990 based in the heart of Lancashire. We pride ourselves on professionalism and attention to detail.

Our customers include individual designers, high end interior companies and couture fashion houses, high street stores, department stores and start-up businesses all over the world.

Easily accessible from the motorway network, we are looking for a customer focused AVA operator to join our design team within the digital printing department.

The Role

Reporting to the Digital Supervisor, you will be based within the digital print department, within the factory. You will be expected to recolour and match customer designs for sampling, strike-off and production using the AVA software. Working to deadlines, and often in collaboration with visiting designers; this is a varied and challenging position, and you will be expected to maintain a professional and diligent attitude at all times.

You will:

- Work within the Digital Printing Team in all aspects of the digital printing process
- Use the AVA software system and the HP Digital Printing machines
- Liaise with customers to produce and colour match their designs in the Digital department
- Work with the Production, Proofing and Sales teams to assist and advise both them and customers in the production of collections
- Have the ability to develop the department and show initiative
- Be able to organise, prepare and plan in advance, taking full responsibility for your own workload
- Ensure deadlines are met and high standards of products are produced
- Ensure Quality Control Procedures are adhered to during the production schedule
- Be flexible and assist the production and sales teams with customers
- Work in a team environment and have the willingness to work cross functionally
- Have the ability to work independently and have good interpersonal communication skills

The Ideal Candidate will:

- Have a working knowledge of AVA Cad Cam, Adobe Photoshop, Illustrator
- Hold a passion for design and a working understanding of design repeat
- Possess good colour matching skills
- Hold good computer skills, and a working awareness of Digital RIP software packages
- Have a knowledge of the digital print industry
- Confident working alone and part of a team
- Demonstrate excellent verbal and written communication skills
- Be able to prioritise work load and cope with tight deadlines
- Be self-motivated with excellent organisational skills, proactive with the ability to work under their own initiative
- Production knowledge will be an advantage

Additional training will be given to the right candidate.

Package

39 hour week

Rotating shifts: 6am-2pm then 2pm- 10pm (Fri 6am-1pm then 1pm-8pm)

Hourly rate to be paid + shift rate at 20%

Paid weekly
