

# yellow label designs

## Designer Vacancy

**Yellow Label Designs** is a fast paced, contemporary design studio based in Bollington, Cheshire. We specialise in providing modern and original designs to the international furnishing, wallpaper, and bedding industry.

After a successful Heimtex exhibition we are looking to expand our team with a highly creative, full time in-house designer.

You will need to be able to create and develop original and contemporary artwork for our collection and also respond to specific design briefs.

We are especially looking for strong hand painting skills and a natural artistic flair.

CAD knowledge is essential with AVA preferable. Please send your C.V and samples of your work to

Nick or Sara at
