

## Textile designer (m/f)

### Textile and non-woven wallpaper

#### Your duties:

You control and develop our customer-related projects with a high level of readiness to serve. Furthermore, you develop new and high-quality collections. We give you the chance to express your creativity.

#### Job profile:

It is desirable for you to have a diploma as textile designer or an equivalent qualification in the field of interior decoration. In addition, you must meet the following expectations:

- Experience in designing wallpapers
- A sense of colours, trends and design
- Practical experience with Creative Suite (Photoshop, Illustrator, InDesign)
- Capability of designing patterns by hand and on MAC
- A sense of modern and classic designs
- Excellent English skills, both written and spoken

#### Contact:

If you are interested in this position, please send your complete application stating your desired salary and the first possible date of entry to:

[hr-service@rasch.de](mailto:hr-service@rasch.de)

Your documents are treated with the care and confidentiality they deserve.

#### We look forward to receiving your application!
